***ULTRASEAL GREEN EARNS UL 181B-M &
GREENGUARD CHILDREN & SCHOOLS APPROVAL***

Rockland, MA (May 20,2008): ITW TACC, a leading manufacturer of professional and industrial grade adhesives, has received critical approvals from Underwriters Laboratories (UL) and the GREENGUARD Environmental Institute (GEI) for MIRACLE-Kingo product ULTRASEAL GREEN.

In UL 181B testing, ULTRASEAL GREEN was certified as a mastic system for use with flexible (non-metallic) air ductwork. ULTRASEAL GREEN also underwent 3rd party emissions testing to become ITW TACC's 15th GREENGUARD Children & Schools Certified SM product.

ULTRASEAL GREEN is a fibrous interior/exterior-grade sealant used for fabricating, sealing and coating air ducts, and is resistant to mold, mildew, water, oil, extreme temperature changes and again, according to ITW TACC. The sealant meets SCAQMD Rule 1168 air quality requirements and contributes to several green building rating system credits, including LEED .

“Having certifications from UL and GREENGUARD, and a competitive price point certainly help build interest in ULTRASEAL GREEN”, said ITW TACC National Sales Manager Sean Tanner . “That it has MIRACLE-Kingco standing behind it gives it great clout.”

Green building and product data can be found online at www.itwtacc.com. ULTRASEAL GREEN comes in 10 pails. For more information, contact ITW TACC Customer Service at 800-503-6991.

Illinois Tool Works or ITW (NYSE: ITW) is a Fortune 500 company that produces engineered fasteners and components, equipment and consumable systems, and specialty products.
